JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

WEST INDIES.

Report from Port of Spain, Trinidad—Yellow-fever case.

Consul Handley reports, February 6, as follows:

One case of yellow fever appeared in this town on the 4th instant, and the patient died the following morning. He arrived here a month ago. He was taken ill 5 days before his death. The origin of the infection has not been determined. All sanitary precautions have been taken by the authorities, and the contacts have been segregated and are under medical observation.

FOREIGN AND INSULAR STATISTICAL REPORTS OF COUNTRIES AND CITIES—
UNTABULATED.
